## QUOTES

Some random quotes from the September meeting, taken totally and completely out of context:

"She's the woman in charge."

"A lot of ya'll I don't have down for anything."

"Come on, Blue!"

"Just put, I'll be around."

"I'll EAT lunch on Sunday, does that help?"

"How'd you know it was me?"

"All the pressure, and she's happy!"

"We can still make the game."

"I've got underwater basket weaving."
